HOW TO USE THIS DASHBOARD?

1.OVERVIEW:
-A personal finance dashboard built from monthly records of income, expenses and savings from Jan 2021 to Feb 2024. All amounts are in Indian Rupees (₹).

2.FILTERS:
- Year buttons (2021 to 2024) or Select all: filter every visual at once.
- Date dropdown: focus on a single month.
- Slider under the line chart: zoom into a time range.

3.KPI DEFINITIONS:
- Income: Salary + Freelancing earnings.
- Expense: House Rent, Groceries & Food, EMIs, Health, Leisure, Shopping, Travel and Other spending.
- Savings: money set aside in Liquid Cash, Mutual Funds, Emergency Fund and Fixed Deposits.
- Savings %: Savings ÷ Income.
- Exp_vs_Sav: Expense ÷ Savings.
- Target: the planned monthly savings rate (25% of income in 2021, 30% from 2022). The table adds the monthly targets, so a full year shows 300% or 360%.
- Income_Monthly_Gr, Expense_Monthly_Gr, Savings_Monthly_Gr: percentage change from the previous month. Green means an increase and red means a decrease.

4.VISUALS:
- Expense by Date: monthly trend of the selected measure (Expense, Income, Savings or Target).
- Expense by Component: where the money goes. House Rent is the largest share (about 40%).
- Savings by Component: how savings are split. Liquid Cash holds about 80%.
- Table: year-wise Income, Expense, Savings and Target.

5.NAVIGATION:
